INDIA TAX CONSULTANT SERVICES

Amendment 1

June 16, 2025

- 1. Given the scope of services outlined in the RFQQ, would the WSIB be interested in engaging services related to the periodic calculation of income and income taxes on a subfund or investment manager basis?
 - a. It is our understanding that the WSIB can only have one PAN number. As such, the structure is multimanager. If there is a way to have distinct manager setup, we would be interested in learning what possibilities may exist. Please note that the current provider reports on a manager by manager, along with the total, basis.
- 2. Will the WSIB invest in equity and debt securities?
 - a. Yes, the WSIB invests in both equity and debt securities.
- 3. Any capitalized terms used in this Amendment and not defined herein shall have the meaning given to them in the RFQQ.
- 4. All other terms and conditions of the RFQQ remain in full force and effect.
